Auto Dealer Supplies & Promotional Products

We are members of and official suppliers to:

This year we have more items than ever before in our catalogue, but remember it does not list all of our products so please call and ask for anything you need. New digital equipment ensures that our quality is second to none and gives us the ability to customise many items quickly and economically. Whether you need business cards for the new sales person or vinyl banners for the showroom we produce them at our production facilities in Victoria and Vancouver. We are very proud of our competitive pricing but prices are always subject to change because of the rising cost of raw materials and increasing freight charges. However we have managed to *reduce* the price of many popular items. If you have a special event coming up, an anniversary, re-opening, clearance sale or whatever, why not try one of our special event kits which are great value. There are many ways to promote your business and I hope this new catalogue will help.
